

LOUIS TELLIER

RIEN NE REMPLACE LE FAIT MAIN

ESSENTIALS

2026

Louis Tellier has embodied French excellence in high-end manual kitchen equipment since 1947. Inventor of the first professional vegetable mill, the brand now manufactures durable, ergonomic, and innovative tools. From baking sheets and molds to precision mandolines and an array of other essential tools, each instrument combines traditional craftsmanship with professional performance. Appreciated by chefs and baking enthusiasts, these tools transform everyday cooking into a refined experience.

Stainless Steel Compact-Pro Mandolin | BRONCP02

Louis Tellier has drawn on a wealth of expertise to design the new Compact-Pro mandolins, a perfect blend of French and Japanese culture.

- Made from stainless steel
- Compact and streamlined, adaptable to GN1:1 or 1:2 trays (horizontal cuts)
- High yield and various thickness adjustments (from 0.5 to 10 mm)
- Cutting width: 95 mm
- Comfort and safety: ergonomic transparent pusher
- Diagonal and honeycombed stainless steel blade made in Thiers (France) to reduce vegetable adhesion
- Optimal stability: non-slip coating base
- Includes 2 julienne cutters (4 & 10 mm)
- Optional interchangeable blades 1, 2, and 7 mm

Color	Materials	Length	Width	Height	Weight
grey	stainless steel	15.3 in (39 cm)	6.2 in (16 cm)	1.7 in (4.5 cm) With stand: 7.4 in (19 cm)	2.7 lb (1.2 kg)

Compact-Pro Basalt Mandolin | BRONCP01

The Compact-Pro Basalt mandolin offers exceptional cutting quality with a design that makes it easy to use.

- Made from stainless steel and PP plastic
- Compact and streamlined, adaptable for GN1:1 or 1:2 trays (horizontal cuts)
- High yield and various slice thicknesses (from 0.5 to 10 mm)
- Cutting width: 95 mm
- Comfort and safety: ergonomic transparent pusher
- Diagonal and honeycombed stainless steel blade made in Thiers (France) to limit the adherence of vegetables
- Optimal stability: Non-slip coating base
- Includes 2 julienne cutters (4 & 10 mm)
- Optional interchangeable blades 1, 2 and 7 mm

Color	Materials	Length	Width	Height	Weight
grey and black	stainless steel and PP plastic	14.9 in (38 cm)	4.5 in (11.5 cm)	1.7 in (4.5 cm)	1.5 lb (0.7 kg)

Professional Stainless Steel Mandolin with protective carriage | 3839

The original Louis Tellier mandolin, created in 1946! This high-end professional mandolin is ideal for slicing and making fries or julienne.

- Made from stainless steel
- Includes one smooth blade, one waffle cutting blade, and two integrated julienne blades to vary the presentation of your vegetables
- Adjustable thickness of slices and waffles from 3 to 10 mm for different cutting formats: thin or thick slices, julienne, Pont-Neuf potatoes, matchstick fries, etc.
- Table edge support and four non-slip pads offer good stability
- Includes a protective carriage for maximum yield and safe use

Color	Materials	Length	Width	Height	Weight
grey	stainless steel	16.1 in (41 cm)	5.3 in (13.5 cm)	1.7 in (4.5 cm)	3.9 lb (1.8 kg)

Super professional mandolin | 25000

The super professional stainless steel mandolin ensures precise, varied, and efficient cutting with its 5 interchangeable blades included.

- Made from Stainless steel
- Includes one smooth blade, one waffle cutting blade, and five interchangeable julienne blades (1-2-4-7 and 10mm) to vary the presentation of your vegetables
- Adjustable thickness of slices and waffles from 3 to 10 mm for different cutting formats
- Table edge support and four non-slip pads offer good stability
- Pusher included

Color	Materials	Length	Width	Height	Weight
grey	stainless steel	15.7 in (40 cm)	4.5 in (11.5 cm)	1.5 in (4 cm)	3.3 lb (1.5 kg)

The Chef's mandolin
15000

The Chef's Mandolin has adjustable slices and waffle thickness. It is reversible to use two blades. You will be able to do smooth or embossed slices, straw potatoes, French Fries and Julienne with the 4 interchangeable blades included.

- Made from stainless steel and PP
- Adjustable slices and waffle thickness
- Reversible
- Smooth or embossed slices, straw potatoes, French Fries and Julienne (interchangeable blades 2-4-7-4-10 mm)
- Non-slip stand and handles
- Pusher included

MADE IN FRANCE

grey	tin-plated steel	12.2 in (31 cm)	13.7 in (35 cm)	9.8 in (25 cm)	3.3 lb (1.5 kg)

Stainless Steel Professional Mill N°5 37 cm | X5

The mill N°5 from Louis Tellier is ideal for restaurants. Featuring a double crushing functionality, it allows you to prepare all kinds of recipes effortlessly and in large quantities.

- Made of stainless steel
- Ergonomic crank allows comfortable grip
- Makes 5 kg/min of soups, compotes, purees
- Sold with 1 grid: Ø 3 mm; 4 other sieves available in option

Color	Materials	Diameter	Length	Height	Weight
grey	stainless steel	14.5 in (37 cm)	16.1 in (41 cm)	12.9 in (33 cm)	6.6 lb (3 kg)

Professional tinned food mill n.5 37 cm | M530

Restaurant model.

- Made of tinned steel
- Ergonomic crank allows comfortable grip
- Makes 5 kg/min of soups, compotes, purees
- Sold with 1 grid: Ø 3 mm; 4 other sieves available in option

Color	Materials	Diameter	Length	Height	Weight
grey	tinned steel	14.5 in (37 cm)	16.1 in (41 cm)	12.9 in (33 cm)	7.2 lb (3.3 kg)

Tin-Plated Mill N°10 39 cm | P1030

The mill N°10 is ideal for community kitchen. It enables the preparation of all types of dishes effortlessly and in large quantities.

- Made of tin-plated steel
- Ergonomic crank allows comfortable grip
- Makes 10 kg/min of soups, compotes and purees
- Sold with a 3 mm Ø sieves; 4 other sieves available as options: Ø1 (P10010), Ø1,5 (P10015), Ø2 (P10020) y Ø4 (P10040)

Color	Materials	Diameter	Length	Height	Weight
